## **DETAILED ACTION**

### ***Election/Restrictions***

1. Claims 6-8, 16-21, 30-31 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected method of making a laser, there being no allowable generic or linking claim. Election was made **without** traverse in Paper No. 12.

### ***Response to Amendment***

2. In response to the amendment filed 4/23/02, claims 1, 4, 6, 17, 19-21 have been amended and claims 23-31 added.

### ***Response to Arguments***

3. Applicant's arguments with respect to claims 1-5, 9-15, 22-29 have been considered but are moot in view of the new ground(s) of rejection.

### ***Claim Rejections - 35 USC § 102***

4. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

5. Claims 1-5, 9-15, and 22-29 are rejected under 35 U.S.C. 102(b) as being anticipated by Matsushita (JP 10-321942). Matsushita discloses the claimed invention. Note figure 1 which illustrates a QW active layer (16) between a pair of cladding layers (19, 14), an optical guide layer (17) and a spacer layer (18). Regarding the carrier concentration at the interface being between  $5 \times 10^6$  and  $5 \times 10^{17} \text{ cm}^{-3}$ , it is noted that

this is inherent for spacer layer is not intentionally doped to have a higher carrier

concentration.

### Conclusion

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the

shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
